

LED LANDSCAPE STRIP LIGHTING

850395 - Specification Sheet

BENEFITS

- Easy installation
- Low energy consumption
- Customized lengths

APPLICATIONS:

- Patios
- Decks
- Landscaping and more!

FEATURES:

- Bright, long lasting LED strip
- Slim design, custom lengths and light colour
- Low voltage 12V DC, optional 24V DC
- Waterproof LED strip for weather resistance, IP67
- Dimmable
- Mounted on stainless steel plate

Product Specifications

Part Number	850395
CCT	Warm White, Natural White, or Cool White
LED SMD	5050 (Standard), 3528, 5630
Fixture	Silver, 304 Stainless Steel, Encapsulated LED Strip
Dimensions	45mm Plate, 1mm 20 AWG Wire Up to 4' lengths, 100mm increments
IP Rating	IP67
Lifespan	50,000 hours

Lumens/W	87.7 lms/W Up to 1800 lms/m
----------	--------------------------------

Electrical

Input Voltage	12/24 VDC
Power Consumption	10-16 W/m
Environment	Indoor/Outdoor External Power Supply
Remarks	Fully Dimmable
